This information is being submitted prior to the issuance of a final rejection or Notice of Allowance.

DE 43 41 444 A1 was cited for technological background. U.S. Patent No. 5,770,220 claims priority from that document.

EP 459 136 B1 claims candesartan and candesartancilexetil. X-ray powder data for candesartancilexetil. The compounds can be administered orally, parenterally,... .topically (e.g. emulsions, suspensions,... ) (page 6, lines 25-50). The only examples are for capsules, tablets and injections. There is no description or example for the transdermal administration of candesartan.

U.S. Patent No. 4,898,732 relates to implants comprising antagonists of the renin-angiotensin system to inhibit tumor growth.

It is respectfully requested that the above information be considered by the Examiner and that the copy of the enclosed Form PTO-1449 be returned indicating that such information has been considered.

In accordance with 37 C.F.R §§1.97(g) and (h), the filing of this Information Disclosure Statement should not be construed as a representation that a search has been made or that information cited is, or is considered to be, material to patentability as defined in §1.56(b), or that any cited document listed or attached is (or constitutes) prior art. Unless otherwise indicated, the date of publication indicated for an item is taken from the face of the item and Applicant(s) reserve(s) the right to prove that the date of publication is in fact different.

If any fees or charges are deemed required at this time in connection with the application, the same may be charged to our Patent and Trademark Office Deposit Account No. 03-2412.

Respectfully submitted,
